Mark Davies, Chief Technical Officer,
Rio Tinto

Roy Harvey, CEO, Alcoa

Iván Arriagada, CEO, Antofagasta

Jeremy Weir, CEO, Trafigura

Evy Hambro, Managing Director,
BlackRock

and many more...

The 2023 Future Minerals Forum offers an opportunity for attendees to participate in the discussions around financing a modern and responsible mining industry in new and emerging mining hubs such as Saudi Arabia. It also enables an opportunity to explore the latest thinking, advances in technology and equipment that will build the foundations for future resilient mining ecosystems across the planet.

The inaugural Future Minerals Forum, held in 2022, brought together a global audience of over 3,500 participants that heard from more than 130 industry-leading speakers. The event subsequently reached a global audience that ran into the millions.

For more information on the 2023 Future Minerals Forum, and the full agenda, please visit the conference website: <https://www.futuremineralsforum.com>.

About Ivanhoe Mines

Ivanhoe Mines is a Canadian mining company focused on advancing its three principal projects in Southern Africa; the expansion of the Kamoakakula Mining Complex in the Democratic Republic of Congo, the construction of the tier-one Platreef palladium-rhodium-platinum-nickel-copper-gold project in South Africa; and the restart of the historic ultra-high-grade Kipushi zinc-copper-germanium-silver mine, also in the Democratic Republic of Congo.

Ivanhoe Mines is also exploring for new copper discoveries across its circa 2,400km² of 90-100% owned exploration licences in the Western Foreland, which are located adjacent to the Kamoakakula Mining Complex in the Democratic Republic of Congo.
